Outstanding in the throng of people who labor willingly and untiringly for the education of the youth throughout the world is our own Mrs. Phoebe Rowe.

Her leadership, inspiration, and guiding hand has enabled the youth of this community to receive the education necessary for the attainment of their goal in life.

It is to this devoted person that we, the students of Scott Central High School, respectfully dedicate this 1962-63 edition of the Cotton Blossom.

# TOP EXECUTIVES

Throughout the year 1963, President Kennedy was confronted with many of our nation's problems. These problems had to be met with wisdom and tact in order to arrive at a solution. As problems arise in the government of a nation, so do they arise in the administration of a school. It is the duty of these people to find an answer to the problems of our school. The welfare of each student is their chief concern.
